Introduction

Section 1: HR Administrative Tasks

This section provides ePerformance Administrators and Support with information about completing administrative tasks in the ePerformance component of HR Links.

Topic 1.1: Create New Documents

1.1.1 Create New Performance Documents

1. Select the Create Documents [Admin] tile.

2. Enter the search criteria of the desired employee.

3. Select Search.

4. Select the employee from the search results.

5. Select Create Documents.
6 Select Period Begin Date and Period End Date.

7 Select Performance Document from the Document Type drop-down menu.

8 Be sure that the Clone from Prior Document switch is set to No.

Note: If you would like to clone a new performance document from an existing one, go to the Clone a New Performance Document from Existing Performance Document section below.

9 Use the Template drop-down to select GSA Annual Performance Plan.

Note: Other options include Mass Approval and OIG Template. Do not use Mass Approval. The OIG Template will be used for GSA OIG ePerformance.

10 Select Create.

11 The document will appear in the employee’s Current Documents.
1.1.2 Clone a New Performance Document from an Existing Performance Document

1. Select the Create Documents [Admin] tile.

2. Enter search criteria to find the correct manager.

3. Select Search.

4. Select the employees from the list of search results.

5. Select Create Documents.
6 Select Period Begin Date and Period End Date.
7 Select Performance Document from the Document Type drop-down menu.
8 Toggle the Clone from Prior Document switch to Yes.
9 Use the lookup icon to select the associated prior document.
10 Select Create.

11 The new document will appear in the employee’s Current Documents.
Topic 1.2: Modify Dates

1.2.1 Modify Issue Date of Performance Document

Note: Only Administrators can modify the issue date of a performance document.

2. Enter the search criteria of the desired employee.

3. Select Search.

4. Select the performance document you wish to modify.
5 Select the Related Actions arrow next to *Establish Performance Plan*.

6 Select Modify Issue Date.

7 Use the drop-down to select a New Plan Issue Date.

8 Enter comments in the Comment field.

9 Select Save.
1.2.2 Change Rating Period Dates

![Performance Documents [Admin]](image)

2. Enter the search criteria of the desired employee.

3. Select Search.

![Document Search](image)

4. Select the performance document you wish to modify.

Topic 1.5: Mass Actions

1.5.1 Classic Transfer Document

This topic will cover transferring a performance document in HR Links as an ePerformance Administrator.

1. To begin, navigate to the Talent Administrator homepage and select the Performance Administration tile.

2. Select Transfer Documents on the left navigation menu.

3. Enter applicable data in the Search for Documents fields to locate the correct performance document.

4. Select Search.

5. Select the correct performance document.
6. Select Continue.

7. Select the Select a Manager link.

8. On the Person Search pop-up, enter search criteria applicable to the manager/employee you are transferring the document to.

10. Select the radio button next to the correct employee and select OK.
11. Confirm the correct employee was selected.

12. Select Save to confirm the transfer.
1.5.2 Classic Reopen Document

This topic will explain how to Reopen a document as an ePerformance Administrator. Throughout the performance appraisal cycle, Supervisors have the ability to reopen the Establish Performance Plan step in a performance document to make updates to the employee’s performance plan. Once the Supervisor has signed the Manager Evaluation, the Supervisor can no longer Reopen, and only an ePerformance Administrator can complete the Reopen Document process.

1. To begin, navigate to the Talent Administrator homepage and select the Performance Administration tile.

2. On the Reopen Document page, enter applicable search criteria to locate the document you wish to reopen.

3. Select Search.

4. From the performance documents returned in your search results, select the checkbox next to the correct performance document.

5. Select Continue.
6. Select Save to confirm reopen.

Manager Evaluation status is now *In Progress*. The Supervisor can now edit the Manager Evaluation, and can Reopen the Establish Performance Plan step, if necessary.
1.5.3 Classic Cancel Document

In this topic we will discuss the process of Cancelling a performance document as an ePerformance Administrator.

1. To begin, navigate to the Talent Administrator homepage and select the Performance Administration tile.

2. On the Cancel Document page, enter search criteria applicable to the document you wish to cancel.

3. Select Search.

4. Select the checkbox next to the correct document.

5. Select Continue.
6 On the Confirm Cancellation page, validate that the correct performance document has been selected.

7 Enter comments in the free-form text box to document the reason for cancelling.

Note: This is a required field.

8 If you would like to permanently remove appraisal comments and ratings, select the checkbox next to “Select to wipe appraisal comments and ratings. Content cannot be retrieved once deleted.”

9 If you would like to retain all appraisal comments and ratings but put the performance document in a Cancelled status, do not select this checkbox.

Note: If the checkbox to wipe appraisal comments was selected, you will receive a warning asking you to confirm your selection. Select OK to confirm.

10 Select Save.

The document is now in a Cancelled status.
Topic 1.6: Other Actions

1.6.1 Modify Supervisor Level

Roles: Administrator

Note: Changing the Supervisor Level as seen in this section will affect the 40% Leadership criteria for some roles.

2. Enter search criteria to find the correct employee.

3. Select Search.
4 Select the performance document you wish to transfer.

5 Select the Related Actions arrow next to Establish Performance Plan.

6 Select Modify Supv Level.
7 Enter a New Supervisor Level.
8 Enter comments in the Comments field.
9 Select Save.
1.6.2 Override Evaluation

2. Enter the search criteria of the desired employee.

3. Select Search.

4. Select the document you wish to override from the search results.
5. Select the Approval Status tab.

6. Use the Approver drop-down to select the Approver whose tasks are being overridden.

7. Select the arrow to open the Administrative Overrides section.
8 Select the Approve, Deny, or Restart button to override the document status.

9 The document is immediately placed in the new status. The audit log will display an Administrator Override.
Section 2: Create and Manage Business Objectives

Topic 2.1: Create Business Objectives

This topic will cover creating business objectives. Business Objectives are organizational goals/objectives that are cascaded down to employee performance plans, to align to performance elements.

As an ePerformance Administrator, you can complete every step in the process of creating and cascading business objective, or you can assign another user as the business objective owner. While a business objective owner can update and submit objectives for publication, only an ePerformance Administrator can publish the objectives.

To begin the process of creating business objectives, you need to identify at what organizational level you want to add objectives. The example below demonstrates how organizational objectives are cascaded down to lower level organizations when the lower level organization does not add objectives. For example, organization A published organizational objectives, but organizations B, D and E did not. Based on the organizational hierarchy, the objectives from A will automatically cascade down to organizations B, D and E.

On the right side of the organizational tree, organizations C and G have published organizational objectives, but organization F does not. Based on the organizational hierarchy, the objectives from organization C will flow down to organization F.

In the graphic below, the cascading of objectives we discussed above is represented using colors. All organizational “nodes” shown in the same color will have the same organizational objectives available to align to performance elements.

![Figure 1: Cascading Organizational Objectives](image)

To begin, identify the organizational “nodes” that will be adding business objectives.
2.1.1 Identify Objective Nodes

Navigation: Main Menu > Workforce Development > Performance Management > Business Objectives and Identify Objective Nodes

1. Select the GSA Organizational Objectives plan.

![Identify Business Objective Nodes](image1)

2. In the Set ID field, GSASH is pre-populated.

3. Select the magnifying glass next to the Department field to view and select the Department for which you want to add business objectives.

4. Select Search.

![Identify Business Objective Nodes](image2)

5. If there are departments reporting to the department selected, they will be shown in a table below the Target Department table, in the Direct Reports table. Select all of the Departments for which you want to add organizational objectives.

6. Select Save.

Next, create business objectives for the identified organizational nodes.
2.1.2 Create Business Objectives

1. Select GSA Organizational Objectives

2. On the Create Business Objectives page, select the applicable dates for the Effective Date and Publication Due Date fields.

3. Select GSA Organizational Objectives from the Template drop-down menu.

4. Select GSASH from the Set ID menu and select the Department ID.

5. If you would like to apply the same template to multiple Departments, select the Add (+) button in the Department Selection table.

6. Select Create Objective Pages.

7. Review the message on the Create Objective Pages – Confirmation page. In the example below, a page owner has not been assigned.
Next, assign a business objective owner.
2.1.3 Assign/Transfer Business Objectives

This action is only to be completed when existing business objectives are present within the system. To manage existing business objectives, perform the following steps:

1. Select GSA Organizational Objectives.

2. Select Assign Objectives Owner from the Action drop-down menu.

3. Select GSASH from the Set ID menu.

4. Select the appropriate Department.

5. Select Search.

6. Select the checkbox next to the applicable Departments and select Continue.

7. On the Assign Objectives Owner page, select Select a Page Owner.

8. Search for the desired business objectives owner using the First Name and Last Name fields.
Select Search.

Select the radio button next to the correct employee and select OK.

Select Complete

One the objective owner is assigned, either the ePerformance Administrator or the Objective Owner can update the objectives using the *Manage Objectives* component, discussed below.
Topic 2.2: Manage Business Objectives

2.2.1 Manage Business Objectives

This action is only to be completed when existing business objectives are present within the system. To manage existing business objectives, perform the following steps:

1. Select GSA Organizational Objectives from the Objective Plan table.
2. Search for the business objectives by entering the following data: Set ID, Department, Objectives Owner, Status.
3. Select Search.

4. Select Update.

5. Modify the objective’s Title, if applicable. Add an Alternate Editor, if desired.
6. Select Add Organizational Goals to begin adding organizational objectives.
7 Enter the order you want the goal to display, the Title and the Description.

8 Select Add.

9 Continuing adding Organizational Goals following the same process until all goals have been added.

10 Select Save to return to the Objectives at a later time or select Submit for Publication to begin the process of publishing the objectives.
11 Select OK to confirm submission.

**Note:** Only an ePerformance Administrator can publish business objectives.
2.2.2 Publish Business Objectives

1. Select GSA Organizational Objectives from the Objective Plan table on the Select Objective Plan page.

2. Select Search to view all objectives that are ready for publication.

3. Select the checkbox next to the objectives you are ready to publish.

4. Select Continue.

5. Select Publish Pages to confirm publication of the listed objectives.

6. Select OK.
